

## JOB TITLE: ASSOCIATE EQUINE VETERINARIAN

### **JOB SUMMARY:**

Miller & Associates seeks an associate veterinarian to join its esteemed team of highly qualified and accomplished veterinarians across its four desirable locations in New York and Florida. This is a tremendous opportunity to grow one's career in veterinary medicine, particularly for those with an interest in and aptitude for sports medicine. Our practice's associate veterinarians work in a supportive and dynamic atmosphere, with the opportunity to treat equines of all levels and backgrounds—from beloved companions to Olympic-level athletes—both in the clinic and in the field at some of the country's most elite and prestigious competitions. Associates will work and collaborate with our most seasoned senior veterinarians, experts in state-of-the-art diagnostics and treatments for equine sport horses. Hires are fully equipped with a company vehicle and have access to a complete in-house pharmacy, as well as laboratory services, equipment and an unbeatable support staff.

### **QUALIFICATIONS:**

Doctor of Veterinary Medicine degree from an accredited college.

### **LOCATIONS:**

Westchester NY, Long Island, Wellington, and Ocala.

*Qualified applicants may send resumes to: [Jacie@miller-dvm.com](mailto:Jacie@miller-dvm.com)*
